Single Stream Processing

# *The Maximum Efficiency Facility!*

***Built with the  
haulers needs  
in mind.***

***Extended Hours!***  
5 a.m. to 7 p.m.  
Starting September, 2009

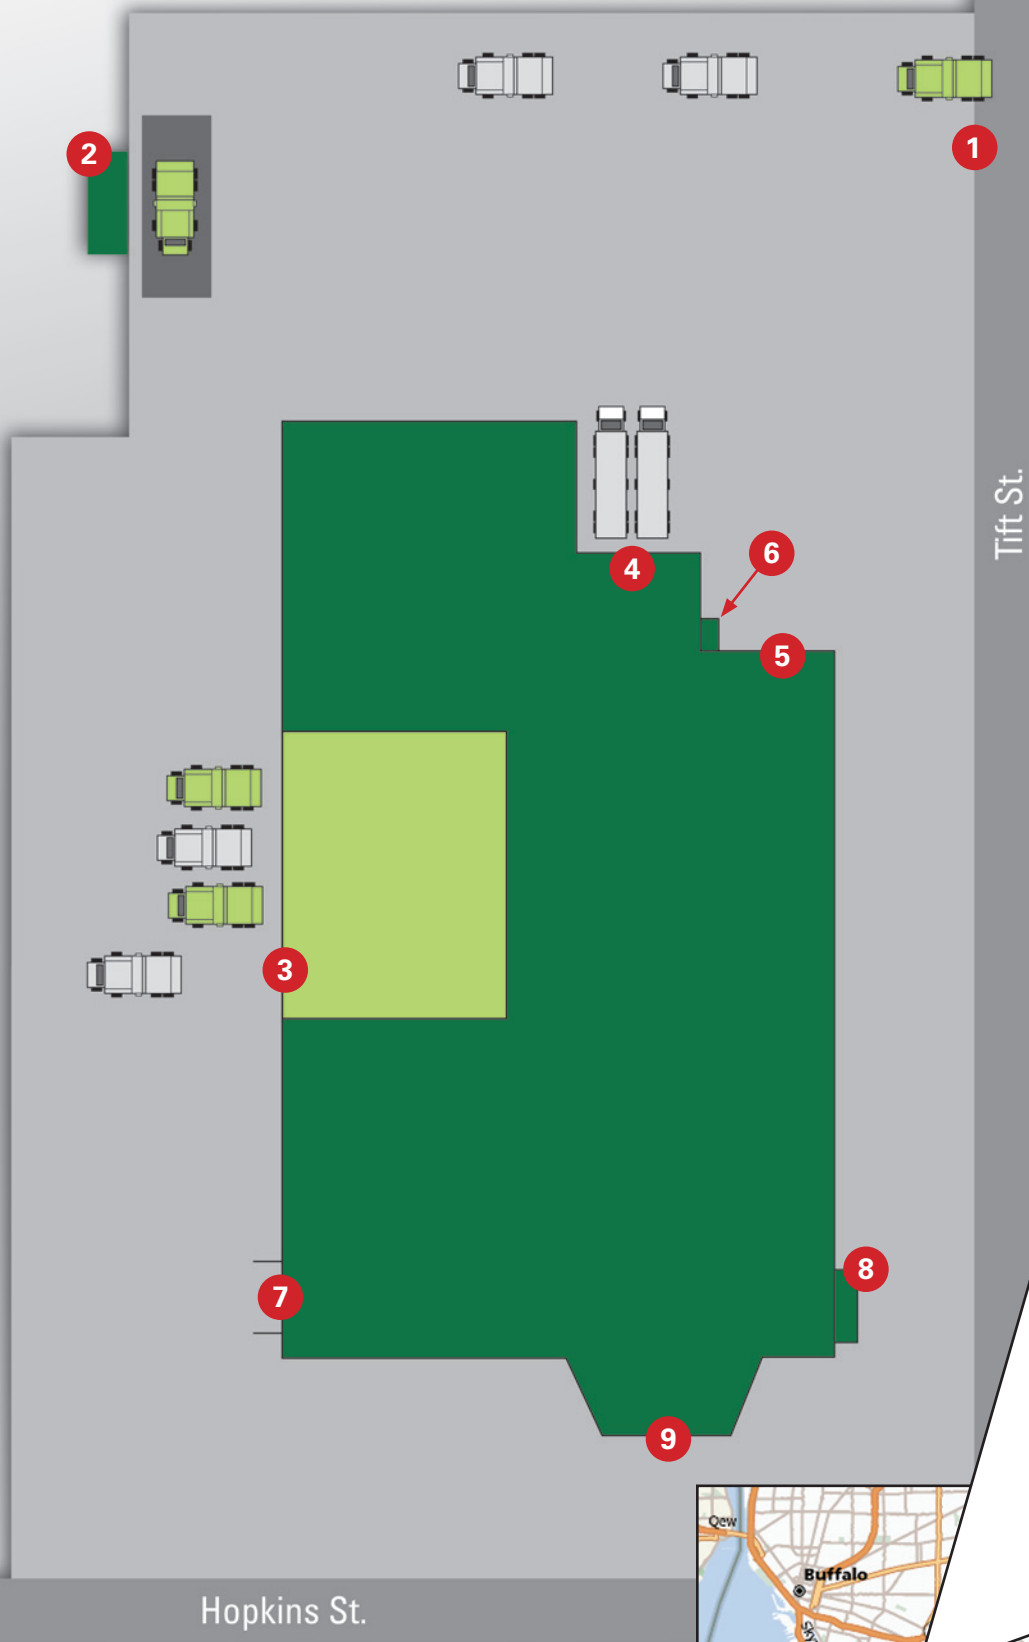

BRE has listened to you, the haulers, and has built a state-of-the-art single stream processing facility.

We have incorporated your suggestions so you . . . the hauler benefits from our investment into state-of-the-art sorting technology.
